

sleeping environment and bed

rating

<p>tested hotel room</p>	<p>room number 33 with a beautiful valley view</p>
<p>overall assessment</p>	<p>my overall impression of the sleep quality of the hotel room was good, I can recommend it. Particularly noteworthy is the tranquility of the hotel in a secluded location and the beautiful wellness area</p>
<p>room temperature air conditioning available</p>	<p>no, my visit to this hotel was in June. It is possible to open the balcony door of the room completely, which is always very helpful for airing or cooling. In summer, the east-facing room is good because the large floor-to-ceiling casement window allows for good room ventilation</p>
<p>silence in the room - soundproofing noise of mini-bar fridge ★★★★★ = noises more or less absent</p>	<p>★★★★★ the minibar fridge was acoustically hardly audible not disturbingly noticeable</p>
<p>air conditioning noises ★★★★★ = noises more or less absent</p>	<p>no air conditioning available</p>
<p>soundproofing regarding street noise, television, noises from neighboring rooms etc. ★★★★★ = noises more or less absent</p>	<p>★★★★★ the soundproofing of the room is good. Noises from the neighboring room were not noticeable during my stay. The secluded location of the hotel is almost a guarantee for rest and relaxation.</p>
<p>possibility of darkening the room darkening Quality ★★★★★ = the room can be almost completely darkened</p>	<p>★★★★☆ the hotel room can be darkened with a blackout curtain. However, the curtain does not completely black out.</p>

mattress properties	
mattress firmness	felt medium firm to firmer mattress. With a softer pad (topper), which you can order from the front desk, the mattress was softer. Luckily we didn't have a single duvet like you often find on double beds in hotels, but 2 single duvets. The king size bed has a length of 200 meters and a width of 180 cm.
there is an opportunity for improvement with a topper (this makes the mattress a little softer)	yes
pillows	
pillow menu	small pillow program available
what types of pillows?	another neck pillow with a synthetic filling measuring 80 × 40 cm can be ordered from the pillow range. On the bed there is already a normal pillow measuring approx. 60 × 80 cm, also with a synthetic filling, and another small pillow measuring 30 × 30 cm.
